

MDF is a non-partisan, statewide driver of equitable, inclusive, and sustainable economic growth in Maine. We connect people, decision-makers, and communities through trusted research, leadership development, and creative partnerships to stimulate new ideas, solve problems, and improve lives.

Trusted Research

Our multi-sector, non-partisan methods of collecting data, testing its validity with our cross-sector partners, and sharing it widely across our network is why we are one of the most trusted sources of economic data in Maine.

MDF manages or is a lead partner in key research initiatives and reports used by policymakers, businesses, educators and individuals:
