

MDF is a non-partisan, statewide driver of equitable, inclusive, and sustainable economic growth in Maine. We connect people, decision makers, and communities through trusted research, leadership development, and creative partnerships to stimulate new ideas, solve problems, and improve lives.

Trusted Research

Our multi-sector, non-partisan methods of collecting data, testing its validity with our cross-sector partners, and sharing it widely across our network are why we are one of the most trusted sources of economic data in Maine.

MDF manages or is a lead partner in key research initiatives and reports used by policymakers, businesses, educators and individuals:

Maine Economic Growth Council
Measures of Growth
Making Maine Work
